Premium Quality — Universal Design / Unique Technology / Ecology

Black Photo: Europe Model

Easy to use. Fun to talk.

Easy-to-use Handset | Universal Design

Large, 2.0-inch Colour LCD and Secure Grip Handset

The large, 2.0-inch screen is easy-to-read, and the GUI-like icon-based menu screen lets you access functions without confusion. The rubberised grip on the back of the handset makes it more comfortable to talk while resting the phone on your shoulder.

Visual confirmation of incoming calls | Universal Design

VIlluminated Keypad and Ringer Indicator

When there is an incoming call, the handset's keypad lights up and ringer indicator blinks to tell you. The illuminated keypad also simplifies the operation in the dark, and the ringer indicator also lights up while the battery is charging.

Even in the backyard or garage | Unique Technology

Clear Sound

High-precision error correction system ensures clear conversation with less voice interruptions, allowing you to enjoy a smooth, error-free conversation even when you're out in the backyard or garage, far away from the base unit.

Clearly earth-friendly | Ecology

One Touch Eco Mode

Just press the dedicated ECO button. Signal output and power consumption are greatly reduced. In the Eco mode, the ECO indicator is clearly displayed on the LCD to show the Eco mode is activated.

Prevent unwanted calls! | Unique Technology

Incoming Call Barring* (Call block)

Calls from previously registered phone numbers are rejected. There is no more need to hear the voices of callers you wish to block.

* Requires subscription to Caller ID service offered by a telephone company

Ample address memory

200-Name and Number Phonebook

You can store up to 200 names and numbers in the handset's built-in memory for quick and easy access. You can also transfer individual names and numbers or the entire directory all at once to an optional handset*.

* Optional handset required.

For Comfortable Sleep | Unique Technology

Night Mode

Each handset can be programmed to prevent ringing during specific time periods, so you will not be woken up by the phone.
